

## Dept of Methodology – training intervention

Titouan Houde, Pierre Miellot, Mountasser Bouaicha, Tony Ker & Andrew Mulvey  
**Summer School 2022**

- Arsenal are 3<sup>rd</sup> in Women's Super League
- Arsenal will play Chelsea next (final match of season)
  - Chelsea are top of the league
- Arsenal's performance against lower league (<top 4) opposition has been good
  - |   |   |   |   |   |   |   |   |   |   |   |   |   |   |   |   |   |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| W | W | W | W | W | W | W | W | W | W | W | W | W | W | W | D | D |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|

 44 points from 48
- Arsenal's performance against higher placed teams has been poor
  - |   |   |   |   |   |   |
|---|---|---|---|---|---|
| W | D | L | L | L | L |
|---|---|---|---|---|---|

 4 points from 18

- Wyscout provide xG metric:
  - Predicts the expected number of goals a team will score in a game
  - Arsenal average xG against top 4 teams = 0.81
  - Actually scored less than this average = 0.6 goals
    - 5 goals in 6 games including 1 own goal
- **Arsenal have a goal scoring problem vs top 4 teams**

- Arsenal v Chelsea (previous matches)
  - Played twice:
    - L 0:3
    - D 1:1
  - When lost
    - High possession (66%)
  - When drew
    - Lower possession (54%)
- **Arsenal DO NOT have a ball retention problem**

- Therefore:
  - Dept of Methodology will use:
    - Data analysis
    - Video analysis
    - Explore the problem
    - Recommend training intervention with psychological support

## Arsenal WFC Passes

vs Chelsea at home (1-1)

Pass direction

↔ Complete

Data: StatsBomb

## Arsenal WFC Passes

vs Chelsea at home (1-1)

Data: StatsBomb

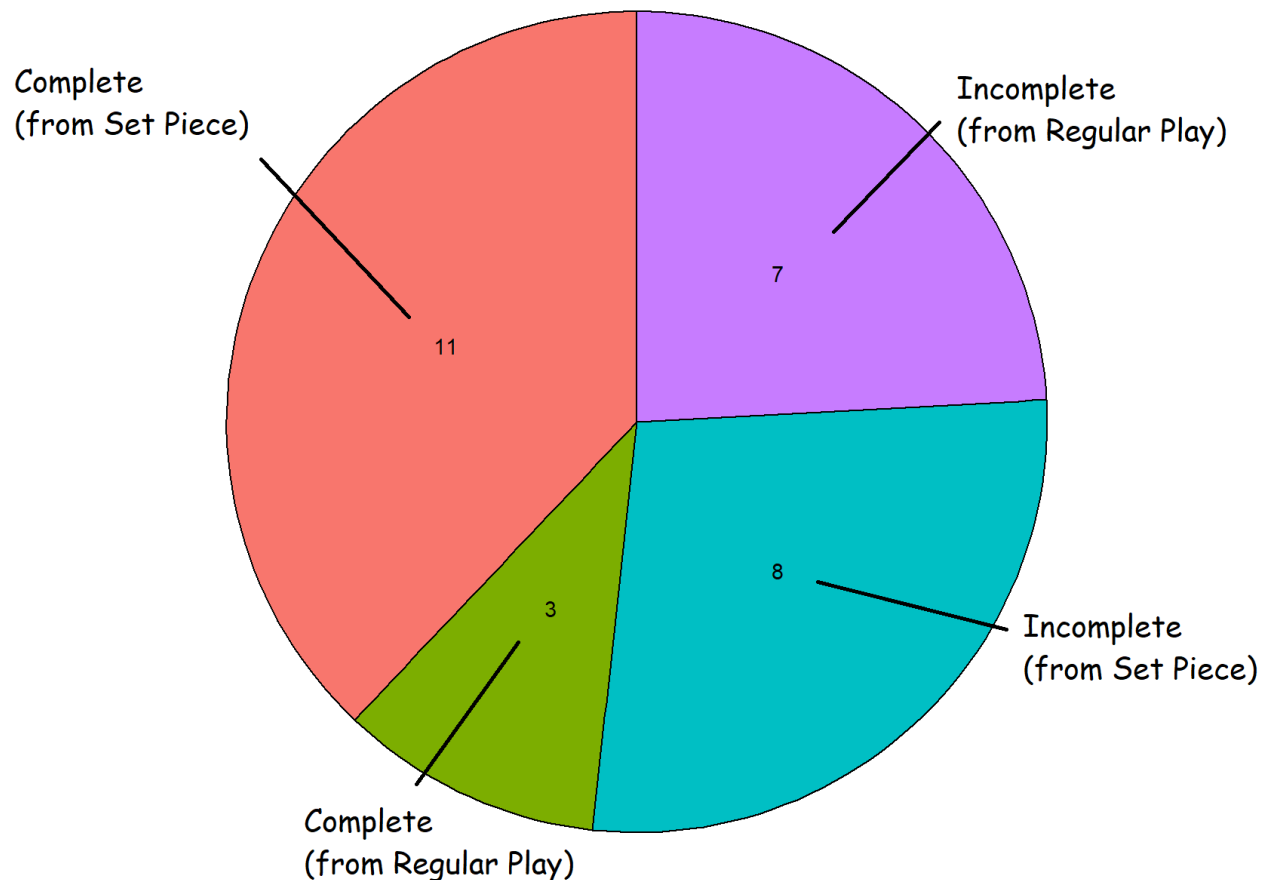

## Arsenal WFC Passes to Vivianne Miedema

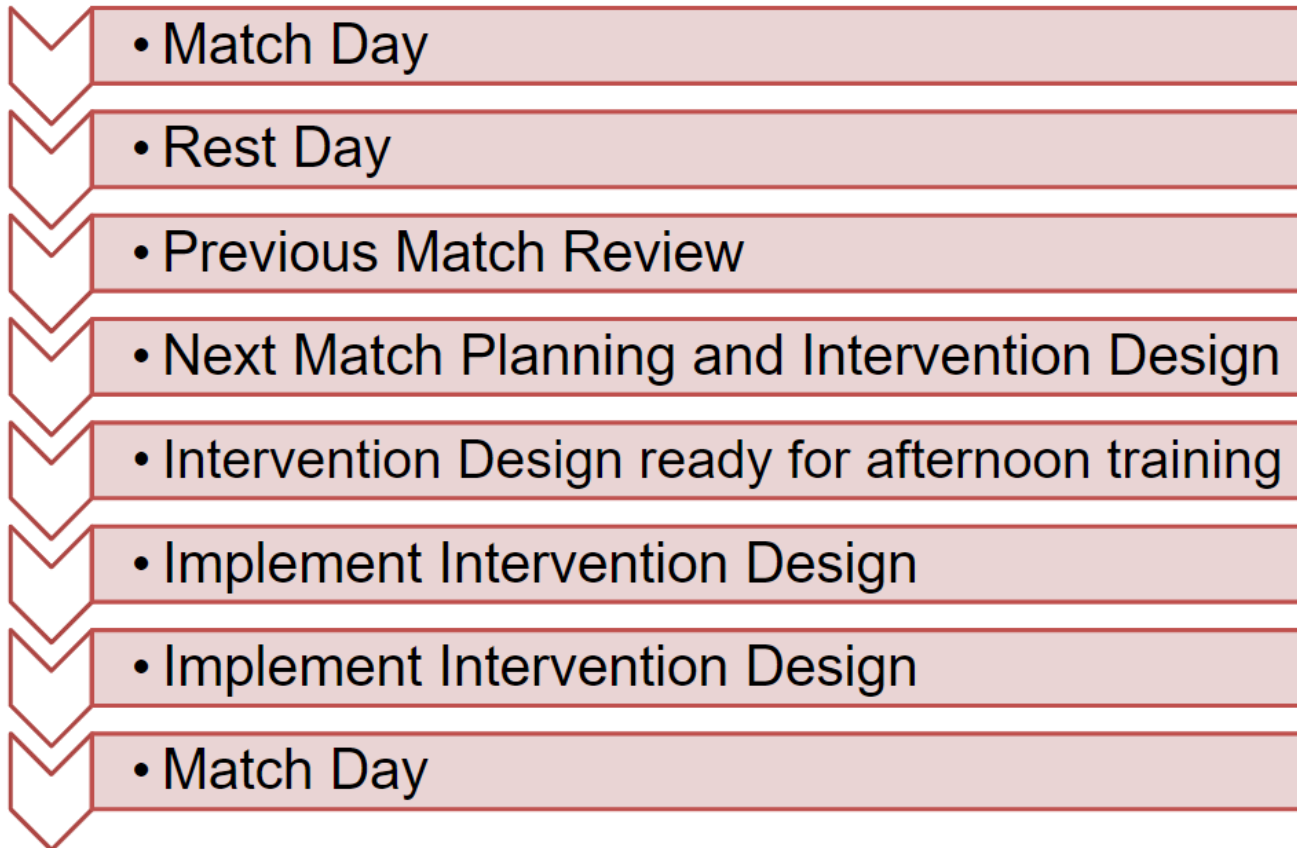

vs Chelsea at home (1-1)

Data: StatsBomb

## Passes to Viviane Miedema in the penalty area (against the top 4)

M-3 Specific endurance

## Pressing : 10 vs 8

- 8 sec to recover the ball
- 1 pt if we recover the ball
- +3 pts if we score

## Defensive transition

After the unsuccessful pressing,  
defensive retreat

Aim :

- Let the ball to Chelsea
- Create space in their back

Defensive transition

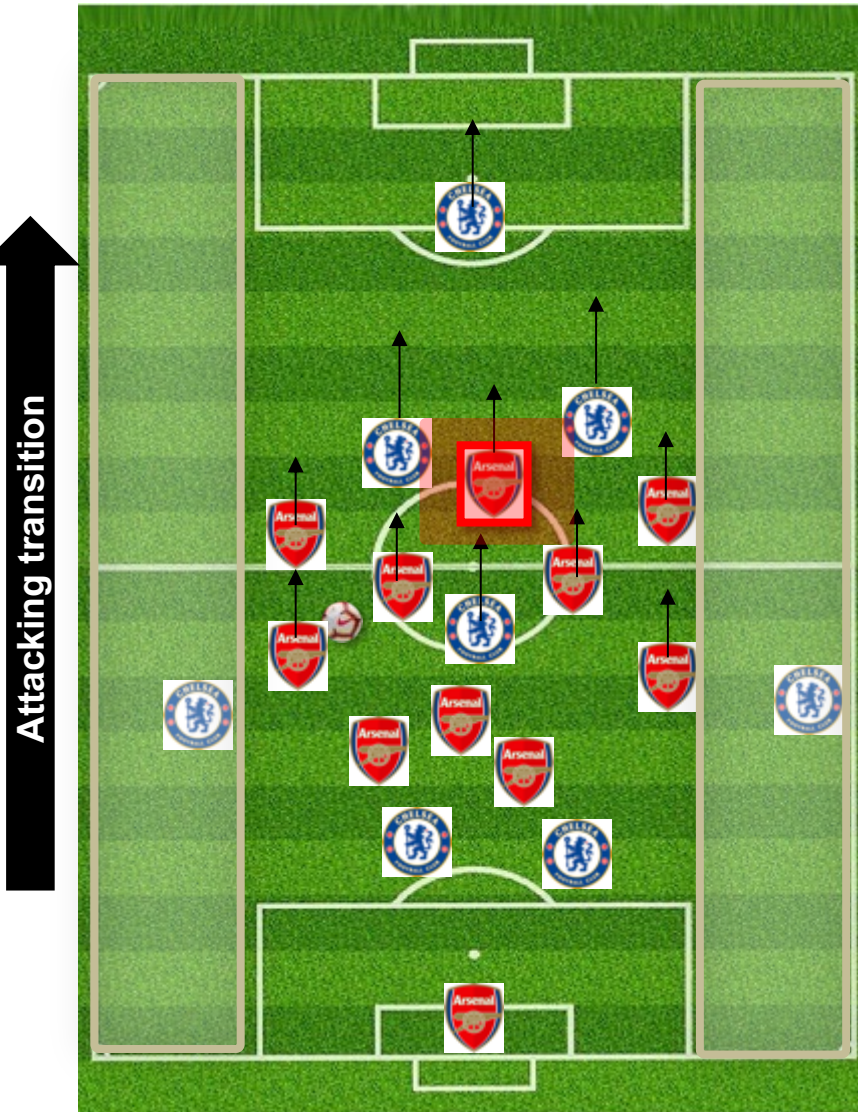

## Attacking transition

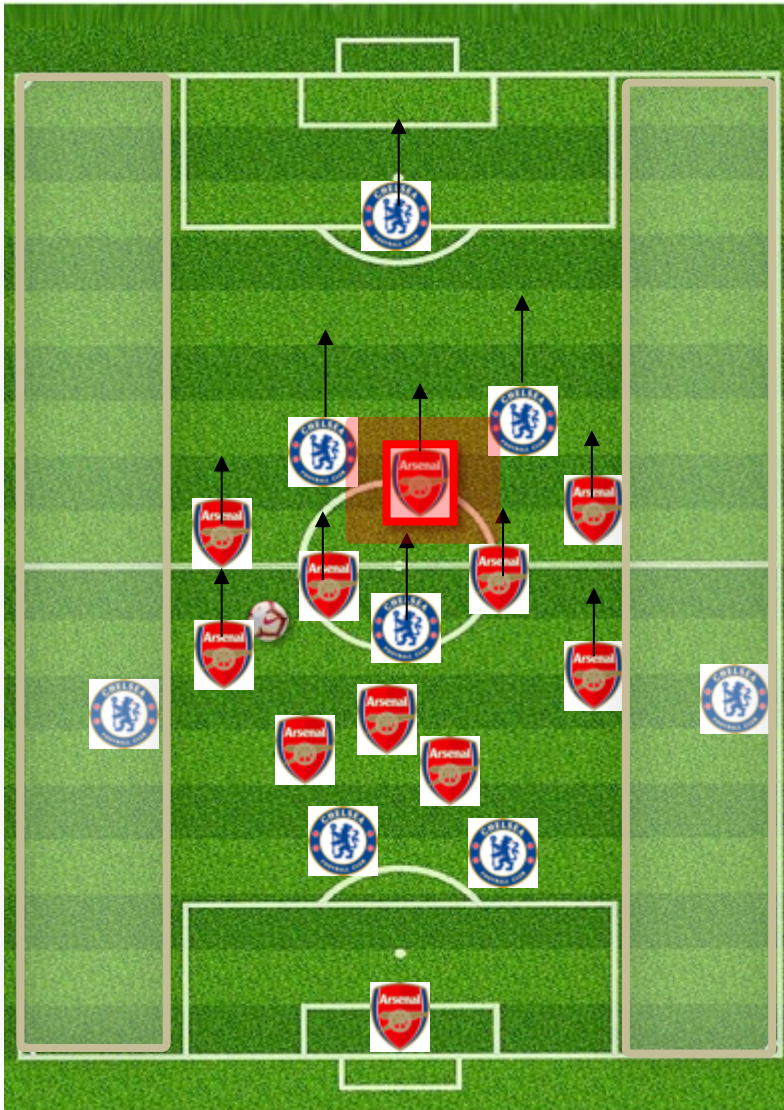

After ball recovering, go forward

Aim :

- +3 pts if goal <4 passes
- 1 pt more if we touch Vivianne in the red zone

## Self-Efficacy

### What is Self Efficacy

#### Four distinct stages:

- I. *Past performance*
- II. *Vicarious experience*
- III. *Verbal Persuasion*
- IV. *Physiological states*

### Self-efficacy benefits

### General Self Inventory Scale (GSES)

- Include reflections on:
  - Strengths and weaknesses of the project
  - The skills developed during the week
  - Reflections on working together
  - Any other thoughts on the experience
